## The News.

We publish this morning all the intelligence received in San Francisco before the steamer sailed, last Sunday afternoon. The substance of it seems to be that the rebel strongholds on the Mississippi are falling into the hands of the Government, and the cry has gone forth through the South that if Vicksburg and Port Hudson are lost, all is lost. Lee's army on the Rappahannock is changing its base and going South. Bragg is unable to fight Rosecrans. The recent National cavalry raids through Mississippi and Virginia proved that the rebels have all their effective force in the field, and that they are absolutely short of provisions and forage, so that there is no earthly hope for them except to advance their armies Northward, which, under the circumstances, seems to be impossible. All this indicates that the day is not distant when the military powers of the rebellion will be broken. Even now it is without power to advance or to prevent our troops from running over its territory at will; and if their armies remain stationary sure and speedy destruction awaits them.

## Arrest and Execution of Berry Way, the Murderer of Gallagher.

The following letter to the *Mountaineer*, dated Canyon City, June 7th, from S. B. Drury, contains the particulars of the trial and execution of this notorious murderer:

On my arrival here from the Dalles on Tuesday, the 29th May, I learnt the full particulars of the escape of the notorious Berry Way. He was arrested about ten or twelve miles from town, by McDaniels, Deputy Sheriff, together with Messrs. Cumings, Stocking and Pomphries. On Monday afternoon, he had an examination, but as the witnesses had not arrived he was remanded until their arrival; he was hand-cuffed and confined in a log house on Canyon street, guarded by McDaniels and John Kingsbury. About one o'clock in the morning Kingsbury was taken sick, and McDaniels went after medicine for his relief, but found the prisoner safe on his return. McDaniels, having been up the two nights previous, was worn out, and requested Kingsbury to allow him to sleep two or three hours and then wake him, when they separated. Unfortunately Kingsbury went to sleep, and McDaniels did not wake until daylight, when he found the former asleep and the prisoner gone. When it was known that Way had escaped there was great excitement in town, and many censured the Sheriff for not placing a stronger guard over the prisoner, and some went so far as to say that he had been bribed; but the sequel will show that he was accused wrongfully. Immediate search was made, but no trace of the prisoner could be found. The Sheriff then offered a reward of $250 of his own money, and $250 from the Sheriff of Wasco county, and for six or seven days used every effort to find the prisoner, but up to the 15th of May he could hear nothing reliable. On the evening of the 15th of May, McDaniels was informed that Way had been seen on Burnt river, and immediately, in company with Chas. McNelly, the Sheriff started for Auburn, and on reaching that place was informed that the prisoner had been seen two or three days before in town, and it was supposed that he had gone to Boise. On the 20th of May they left Auburn for Boise river, and at Old's Ferry were informed that a man answering Way's description had passed there. They then put out for Placerville, which they reached on Saturday, the 23d, and were informed that the prisoner had been seen about a week before their arrival, and it was thought that finding he was pursued he had left for Bannock City. Leaving McNelley at Placerville, McDaniels proceeded on to Bannock City. On Sunday, the 24th, McNelley heard that Way was on Grimes' Creek, about a half mile below Fort Hogem, and with four other men he started for that place in the evening, and came upon the prisoner's camp early the following morning. McNelley went up to where he was sleeping, took from him two revolvers, and arousing him, told him he was a prisoner. Way replied, "All right; I am not going to do anything." The Sheriff replied that he did not "think he would." He got up, dressed himself, and after being tied, was taken, together with his horse and provisions, to Placerville. Here he was ironed, and word sent to Bannock City for McDaniels, who arrived on Monday, the 25th. Way was then put in double irons, and kept until Wednesday afternoon, when McDaniels, McNelley and three others started with him on their return to Canyon City, and after a week of hard traveling arrived safe. On their arrival, Wednesday morning, June 3d, there was great excitement, and the cry of "Hang him!" passed through the crowd. He was confined in the second story of the Fashion saloon, heavily ironed, and guarded by the Deputy Sheriff and McNelley—his two faithful companions for the last week. At three o'clock P. M., a meeting was called, and Mr. Haro chosen Chairman and Mr. Geo. Woodman chosen Secretary. Mr. B. F. McClure stated to the people the cause of the meeting, and a vote was put whether they should give him a further trial, or hang him on the evidence already in their possession. The vote was to give him a further trial, whereupon a crowd of some 460 men came and demanded the prisoner from the Sheriff, who refused to give him up, and made a brief speech, stating that he was sworn to protect and see that the law was sustained, and begged the crowd to disperse, which it did through respect to the Sheriff. Immediately afterwards, the Sheriff was seized by a crowd of men, and the prisoner was taken from the Fashion saloon to John Fenessey's. The crowd then elected a sheriff, twelve jurymen chosen, and Mr. Geo. Woodman acted as counsel for the people, and Mr. Grey for the prisoner. The trial proceeded very orderly. Mr. Strowbridge, Justice of the Peace, before whom Berry Way was examined previous to his escape, stated that he had sent the written statements of witnesses to a higher Court, at the Dalles; but he made a statement of the facts. There were several witnesses examined, and the prisoner's own statement taken, which was the most damning part of the evidence.

The trial was concluded at about a quarter to 12 o'clock and the Jury retired to their room. After midnight and an absence of three quarters of an hour, they returned with a verdict of guilty. It was put to a vote of the people whether they should hang him immediately or wait until morning. It was finally agreed that he should be hung on the next day, at 2 P. M. Whereupon a committee of 26 gentlemen were appointed to take him in charge until the hour appointed for his execution.

Thursday, June 4th,—the excitement to-day is very great; at least eight hundred men came in to witness the execution, the crowd though great and excited are very orderly.—Three P. M., the prisoner is now being conveyed by an armed guard of thirty-six men to the gallows, some half a mile from town.—When they arrived at the place of execution, there were at least 1000 persons present. He was conducted to the gallows by the guard, and the crowd very orderly opened and gave sufficient room for the prisoner and the guard. The prisoner was accompanied to the gallows by the Rev. Mr. Knight and the Sheriff. He was earnestly requested by the Rev. Mr. Knight to make a confession, when he made a few remarks, pleading innocent to the charge against him, and for which he was about to forfeit his life. He said that it was a hard case to be hung for a crime that he was not guilty of. He appeared very cool and collected, and seemed not to be afraid of his near approach to death. He fully exonerated the Deputy Sheriff and Kingsbury from all participation in his escape, which appeared to give great satisfaction to the people. At about 4 P. M., after a touching prayer by the Rev. Mr. Knight, the prisoner was launched into eternity. Thus Berry Way paid the penalty for the crime of which beyond all manner of doubt he was guilty. It is to hoped that this may strike a terror through and deter the balance of his gang of villians from further villainy. The people of Wasco county, at least owe McDaniels and McNelley their thanks for the persevering and untiring energy they have used in bringing this man to justice.

## LATER FROM THE EAST.

### Dates to June 6th.

**News of June 2d.**

MEMPHIS, June 2.—It was reported from the Yazoo river that Gen. Johnston was advancing, and that one army corps, with seven days rations had marched out to meet him. At daylight, on the 27th, his approach was stated to be between the Yazoo and Big Black, with the intention of re-taking Haines' Bluff, and breaking up our communication by the Yazoo. His force was variously estimated at from 15,000 to 35,000. Grant is confident of his ability to defeat him without raising the siege.

The mortar boats continued to throw shells into the city, and the artillery in the rear was at work. The idea of taking the place by storm is completely abandoned. All operations have settled down into a regular siege. Deserters state that the men inside the fortifications are now living on quarter rations, and that a majority of the troops are willing to surrender the place. Our sappers and miners are progressing successfully with their works of gradual approaches. In some places they have reached to within a few yards of the rebel works.

NEW YORK, June 2.—A Washington special says the reported removal of Gen. Hunter is authoritatively contradicted.

The *Columbia*, from New Orleans May 28, has arrived. The *Era* of that date, says: We learn from authentic sources that our army before Port Hudson is in a satisfactory condition; everything bids fair for an important and successful close of the campaign there.

**News of June 3d.**

CHICAGO, June 3.—The National Convention adjourned, this evening, *sine die*, having been in session two days. But little was done, except to pass resolutions endorsing the canal enlargement scheme and the construction of canals connecting the Lakes; declaring that they should be made by the National Government, and that after the expense was reimbursed, then the thoroughfare should be free to the commerce of the world.

The military took possession of the *Times* newspaper office this morning. The officer in command ordered that no further issue of the paper be made. This was done after a temporary writ of injunction, issued by Judge Drummond, of the U. S. Circuit Court, had been served on the commanding officer. The application for a permanent writ of injunction will be argued to-morrow before Judges Davis and Drummond. It is generally believed that it will be granted.

NEW YORK, June 3.—The *Herald* has a private dispatch from Mexico confirming the capture of Puebla. The dispatch also states that Comonfort was surprised and lost 8 guns and 2,500 men as prisoners.

WASHINGTON, June 3.—Admiral Foote received his orders to-day and will soon leave to supersede Admiral Dupont.

**News of June 4th.**

NEW YORK, June 4.—A Key West letter of the 28th of May to the *Times* states that the British steamer *Dolphin* had been condemned, a large quantity of Enfield rifles and sabres having been found on board marked "hardware."

The Spanish steamer *Union* has been captured by the gunboat *Huntsville* off Mobile and brought into Key West.

The *Octavia* has captured the British steamer *Eagle*, from Nassau, after a long chase, during which the *Octavia* knocked away the *Eagle's* wheel-house, the pilot-house and the smoke stack.

The rebel steamer *Cuba*, after being chased by the *Octavia* and the *Huntsville*, was fell in with by the *De Soto* and burned. The crew were captured by the *De Soto*.

CHICAGO, June 4.—General Burnside has issued an order to the Provost Marshal General at once to institute an investigation into the cases of all citizens now confined in his department, and in all such that do not clearly show premeditated disloyalty, on the part of the accused, or when a desire is manifested to atone for past faults by future good conduct, the prisoners will be released on taking the oath of allegiance and giving bonds for a strict observance thereof. The General Commanding is convinced that a large majority of the men arrested have been misled by dishonest and designing politicians, and he prefers to strike at the sources of the evil and allow those who have been led astray to return to loyalty and allegiance, if they have seen the folly of opposing the Government. The order then speaks of the duty of every man in a crisis where the Government is striving to suppress a rebellion, and says the necessity demands sacrifice from every one. The General argues that in yielding up civil rights to save the country, the party so doing is none the less a citizen. The country requires no physical sacrifice, no personal hardships, but simply that he shall imitate the example of the soldiers in the field so far as to abate somewhat of that freedom of speech which the soldiers give up entirely. That freedom of discussion and criticism which is proper in the politician and journalist in time of peace, becomes rank treason when it tends to weaken the confidence of the soldier in his officers and the Government; and when this insidious treason, striking at the very root of military power, which is for the time being the country's protection, makes its appearance, he is bound in duty as the Commanding General to expel it from his lines.

CHICAGO, June 4.—A letter from the headquarters of the cavalry corps of the army of the Potomac of the 29th, says that the 8th Illinois cavalry has just returned from the most successful raid yet made by any one regiment, having been foraging promiscuously in the enemy's country for the last 11 days. They visited the region lying between the Rappahannock and the Potomac, below Fredericksburg—which has been the refuge of guerrillas and smugglers during the past winter—for the purpose of inflicting summary punishment. After reaching King George's Court-house, the command divided into three columns, each taking a turnpike, marched the entire length of the neck until they arrived at the junction of the two rivers, capturing and destroying rebel property without limit. Over 100 sloops, yawls, ferry-boats, etc., were burned with their contents, consisting of salt, whisky, clothing, and other articles of special value to the rebels, and 20,000 pounds of bacon. A large quantity of flour was also destroyed. In returning, over 800 negroes belonging to plantations along the line joined the columns. 500 horses and mules and 100 prisoners were captured by the expedition. The official reports of the commander shows upwards of $1,000,000 worth of property destroyed.

BALTIMORE, June 4.—The raid by Colonel Kilpatrick from Gloucester Point crossed the country between the York and Rappahannock rivers making an extensive circuit through the garden spot of Virginia, and a section never before penetrated. Colonel Kilpatrick made a large haul of negroes, horses, etc., and arrived at Urbana with them. He has spread general terror and alarm among the rebels of that place. Thence he was taken across the river by our gunboats and returned to our lines.

MURFREESBORO June 4.—Scouts have thoroughly scoured the country on our left and rear, and report that they have neither seen nor heard of any rebels; and information, believed to be reliable, from Tullahoma, says there are not more than two regiments at that place, and that the enemy have thrown all their forces forward to Selbyville, Beach Grove and other points in our immediate front.

WASHINGTON, June 4.—The official report of the burning of the rebel steamer *Cuba*, in the Gulf of Mexico, says she was chased by the United States ship *De Soto*, when the rebels, finding it impossible to escape, fired and abandoned her. Commodore Walker has reliable authority for stating that her cargo would be worth at Havana nearly $400,000, and if landed in Alabama, would be worth $1,250,000. Her officers and crew were taken prisoners.

NEW YORK, June 4.—A special Washington telegram says a committee from New York, endorsed by Horace Greeley, George Opdyke, William Cullen Bryant and D. S. Dickenson, are in Washington requesting the Government to give a command to Fremont at some point where he can rally around him the colored men of the country. The committee were presented to the President, who declared that he would gladly receive into the service any number of colored men, and expressed a determination to protect all who enlisted. He said he looked to them for essential service in finishing the war; he believed the command of them offered a scope for the highest ambition, and would, with all his heart, offer it to Gen. Fremont. The committee were profoundly impressed by the earnestness of the President, and his determination to employ all within his reach to suppress the rebellion.

NEW YORK, June 4.—Officers of the *Indianola*, who arrived at Washington, state that while passing through Montgomery, Alabama, they witnessed the launching of a steamer 244 feet long, 25 feet beam, to be four-inch plated.

A New Orleans letter, of the 29th, mentions a report there that one of our gunboats had destroyed the town of Franklin, Louisiana, in consequence of being fired on, while they were passing, by guerrillas.

**News of June 5th.**

NEW YORK, June 5.—All the outbuildings connected with the Stevens's battery machine-shop were destroyed by fire last night. During the conflagration there were five explosions of powder and shell.

A Vicksburg letter of May 26th, says:—The rebels managed during the night to place cotton bales around the embrasures which are destroyed during the day. They are also constructing a new line of works between the outer line now opposed to us and the city. In the late charge, the 22d Iowa lost 250 men; Steven's brigade, 260; Ransom's, 350; Carr's division, 500; Blair's, 300; Steele, 600; Osterhaus, 200; and Smith, 350.

REAR OF VICKSBURG, May 31st.—The bombardment continues. All the guns are in position. We opened fire at midnight and continued until daylight. Twelve men were captured yesterday, while endeavoring to run our pickets and get into the city. 200,000 percussion caps were found in their possession.

ST. LOUIS, June 5th.—Recent reports from Lebanon state that affairs in that vicinity are in a horrible condition. Bushwhackers shoot soldiers on sight. Guerrillas are taking revenge on Union men for their protective organization against horse thieves. Several murders have been committed lately.

NEW YORK, June 5th.—The *Orizaba*, with $1,200,000 treasure, has arrived at Panama. The Panama Legislature has passed a decree prohibiting French troops or ammunition passing over the Isthmus to Mexico. Gen. Juarez has been lately defeated by President Martin, of Nicaragua. The later acted very nobly afterwards, offering Juarez a free pardon and return of his confiscated property if he would settle down quietly at home.

WASHINGTON, June 5th.—Fernando Wood had an interview with the President, of an hour's length, this morning. The effect has not yet been developed.

PHILADELPHIA, June 5th.—President Lincoln has accepted the invitation of the Union League of this city, to participate in the grand national celebration on the 4th of July. Large delegations from all parts of the Union are expected to be present.

NEW YORK, June 5th.—The *Times's* correspondent, with Col. Kilpatrick, says the rebels had taken especial pains to capture this command during the recent raid. While rebel citizens destroyed the bridges over the Dragon river, Stuart, with a large force, was watching at a ford some six miles above, to force them to cross at a narrow point, but our pioneers built a bridge over the river, which our forces passed over in safety and without difficulty. They then destroyed the bridge. The citizens of the country through which Col. Kilpatrick passed, expressed themselves pleased with the conduct of the men. The results are that a complete circuit was made of the rebel army, the destruction of over $1,000,000 worth of railroad property and material, the capture of hundreds of mules and horses, 40 wagon loads of provisions, 1,000 contrabands, a general demoralization of the blacks throughout the whole country.

WASHINGTON, June 5th.—Government advices from Vicksburg, to the 30th ult., state that everything is reported to be satisfactory. Generals McPherson and Sherman had pushed their artillery to within 50 yards of the rebel works. Heavy reinforcements were reaching Grant and he is now quite able to carry on his siege of Vicksburg, and at the same time take care of Joe Johnston. It is believed that the city can hold out but a few days longer.

CAIRO, June 5th.—The despatch boat *Gen. Lyon*, from Memphis on Monday night, has arrived. All day on Monday, the firing was kept up, and Sherman's troops on the right could be seen in motion when the *Lyon* left. At midnight, a conflagration was going on in the city. It was supposed by some that our exploding shells set fire to the buildings; by others that the rebels were destroying supplies and equipments, preparatory to a surrender. The steamers *Atlanta* and *Chancellor*, loaded with troops, were fired on by guerrillas last Wednesday, near Island 62; 1 captain and 2 privates were killed and several others wounded.

NEW YORK, June 5th.—Sterling Exchange, dull and nominal, 159@159½; Gold lower, opening at 146½, advancing to 146¼, and closing at 145¼; 6's of '81 Coupons, 106½; 7-30s, 106½; Pacific Mail, 185.

**News of June 6th.**

CHICAGO, June 6.—Despatches from Chickasaw Bayou of the 1st, report no important change in or near Vicksburg. Logan has planted a battery of heavy siege guns within a hundred yards of the rebel forts and constructed a covered pathway, from behind the hill, through which the gunners pass to and fro with little danger.

A bearer of dispatches from Pemberton to Johnston, who left the rebel lines last Thursday, came directly to our lines and communicated their contents to Gen. Grant.

It is stated that the Federal position will be absolutely impregnable in a few days. Particulars cannot yet be given, but they are of a most cheering character.

NEW YORK, June 6th.—The following is the text of the sentence of D'Utassy, who was lately convicted by court-martial of unmilitary acts and a number of disgraceful crimes:—To forfeit all pay and allowance; be confined for one year in such place as the Secretary of War may direct; and be disqualified from holding any office of trust or emolument in the service of the United States. The Secretary of War has approved the sentence, and designated Sing Sing as the place of D'Utassy's confinement.

The Raleigh (N. C.) *Standard*, which has come out against the Richmond authorities, speaks as follows in a recent article: "If their cause should become merely the cause of Davis and Seddon; if partisanism should take the place of patriotism in the administration of government, the cry in this State will be, 'To your tents, O Israel!' North Carolina will never hew wood or draw water for those who delight to underrate her. She must be equal to the other States of the Confederacy, or she will leave it and endeavor to take care of herself."

The *Times's* despatch says that a contraband from Culpepper arrived at Union Mills on Thursday, who reports that three rebel brigades had arrived at Culpepper lately, saying they are going on to Richmond.

NASHVILLE, June 5th.—News from Franklin, Tenn., to 3 o'clock to-day, say that an attack on the garrison at that place was made by 1,200 rebel cavalry, who drove our forces back to their intrenchments. They rallied, however, and repulsed the enemy with a loss to the latter of 200 men killed, wounded and captured, and 400 horses and a lot of camp and garrison equipage.

A letter in the Chattanooga *Rebel*, of 31st May, says that Breckinridge's division has been broken up, and Pierce's shattered. He (Breckinridge) and his staff have been sent to another field.

A labored leader in the same paper is devoted to advocating in all cases the black flag to black men.

An article on affairs in Tennessee says:—On the fate of Vicksburg depends the fate of Tennessee. If we play eternal smash with Grant, good bye Rosecrans. But if Grant gives Pemberton his quietus, then a long farewell to the proposed reoccupation of Nashville and Southern Kentucky. The Mobile *Register*, of the 27th, likewise admits that "the fate of our empire hangs upon the struggle in Mississippi."

NEW YORK, June 6th.—The *Morning Star*, with dates from New Orleans to the 29th May, has arrived: In the Department of the Gulf the whole interest is centred at Port Hudson, which has been completely invested by Bank's forces, both wings of his army resting on the Mississippi. Banks commands in person.—His force is supposed sufficient for the reduction of that stronghold. The enemy's strength within the fortifications is estimated at from 10,000 to 12,000. Fighting was in progress at the date of the departure of the steamer. Col. Daniels 2d Louisiana Negro regiment especially distinguished itself, charging upon the enemy's siege guns, and losing in killed and wounded over 600 men. Weitzel had captured a portion of the line of defense, and held one of the enemy's heaviest batteries.

The *Era* of the 29th says: Our information from Port Hudson is not very full, but we are in possession of enough to assure our readers that there is every reason to take a cheering and hopeful view of events. We have no hesitation in saying that the effect of the fighting there has been decidedly favorable to our arms, and we have no doubt that the result will be such as to gladden every loyal heart.

The *Times's* special despatch from Washington says: The enemy's movements have taken a positively defined shape, during the last 24 hours. Their columns are in motion in a southerly direction. Constant balloon ascensions yesterday discovered heavy clouds of dust occasioned by the marching of continuous bodies of troops on the Gordonsville road, as well as the disappearance of many camps heretofore in sight, and the doubling of their pickets along the Rappahannock.

NEW YORK, June 6th.—The *Herald's* New Orleans correspondent, writing on 28th May, gives the following particulars of the attack on Port Hudson. The attack commenced yesterday by land and water. The fight was desperate all day. Weitzel, after long and close fighting, captured a heavy 6-gun battery, which was sunk on board the *Mississippi* in February last, and turned the guns on the rebels. On the enemy's left Sherman charged and carried his point by storm, but the enemy massed their troops, and our men had to fall back. In this charge the 2d Louisiana (colored troops) fought like demons, losing two-thirds of their number. Gen. Sherman was severely wounded in the leg. Colonels Clark, Bowles, and Payne were killed. The 6th Michigan and 128th New York lost half their men. Generals Augur and Grover attacked on the centre and drove the enemy into his main works.

The *Tribune's* correspondent says that our loss is reported at 4000. Gen. Banks moved from point to point in perfect coolness. The fight without doubt was renewed on the 29th. The most perfect confidence was felt that the rebel stronghold would succumb to the Union forces. Reinforcements were being sent forward from New Orleans.

The rebel Gov. Moore of Louisiana was arrested by the provost marshal of Plaquemine district, and is now in military custody at New Orleans.

## EXPECTORANT
**AND SANATIVE PILLS**

HAVE BEEN BEFORE THE PUBLIC SO LONG, and found such general favor in every region of country where they have been sold, (and there is no place in the civilized globe where they have not been sold,) that it would seem almost superfluous at this time to direct attention to them through the medium of the press. Yet it is due to suffering humanity, and especially to that numerous class who, in the changeable climate of the Pacific Coast, suffer from

## Diseases of the Lungs & Throat,

inducing and ending in CONSUMPTION, many of whom may not have used this remedy, that they should be referred to some of the cases where its influence has been useful in remedying complaints from which they are suffering. The EXPECTORANT

**Operates Immediately upon the Disease,**

SURELY AND SPEEDILY ERADICATING IT,

while the SANATIVE PILLS, by preserving regularity in the Bowels, and giving a healthy tone to the other internal organs, will assist the perfect operation of the former.

Attention is asked to the following Certificates, selected at random from the mass in the possession of the proprietors:

UPPER UWCHLAND, Chester Co, Pa, Sept 25, 1858.
Dr. D. JAYNE—Having been afflicted with ASTHMA and BRONCHITIS and having the advice of some of the most eminent physicians, whose skilful treatment of my case did not prove to be of any avail, I obtained no relief until suffering ... commenced the use of your EXPECTORANT. After taking it for about three months I was entirely cured.
NATHAN PENNYPACKER.

ASTORIA, Long Island, Jan 15, 1860.
L. W. TINELLI, Esq. New York—Sir: As you well know I had been afflicted with BRONCHITIS, accompanied with the most painful tightness of the chest, and great difficulty in breathing for nearly two months, and I had almost lost all confidence in the power of medical science, when at your friendly suggestion, I began the well known (but not enough known) "EXPECTORANT" of Dr. Jayne, of Philadelphia. Three or four days after having commenced to take it, my cough had nearly subsided, the expectoration was easy, and the breathing quite free.

I am now quite ..., and my general health has never been better.

I remain, my dear Tinelli, with esteem, your servant and friend,
J. B. MONTE.

WINFIELD, Tuscarawas Co. O., May 31, 1860.
DR. D. JAYNE—Dear Sir: One bottle of your Expectorant cured my daughter of the LUNG FEVER, after having been beyond the hopes of recovery. During the attack she had a number of convulsions. She is now perfectly well.
J. M. COFFMAN.

BURLINGTON, Bradford Co. Pa, July 23, 1863.
Dr. D. JAYNE—Dear Sir: My son was for one and a half years afflicted with a disease resembling CONSUMPTION. For two years he was not able to labor. He was finally induced to try your EXPECTORANT and PILLS, and after taking ... bottles and some PILLS, was completely cured, and is now able to labor every day.
JOHN HENRY.

We would add to the above that we sold to Mr Henry the medicine for his son, and know that the statement is true.

## PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

If you have the Diarrhoea, or a relaxed state of the bowels, take a dose of Pain Panacea and they will soon be restored. If you have a painful swelling, bathe the parts freely, and you will soon relieve pain, and the swelling will be reduced.

If you have a severe tooth-ache, apply the Pain Panacea on a piece of cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe the parts affected morning and night; at the same time take a dose of the Panacea internally.

If a Mother has a caked breast, apply the Panacea as hot as it can be borne.

If you feel chilly or cold, as though you were going to have a fever, take a dose of Panacea.

If you have a wound, cut, or galls upon your horse, apply the Pain Panacea; it will take out all the inflammation and heal the sore in a short time.

## Rebel View of the Connecticut Election.

The following comments, from a Richmond paper, clearly show on which side of Northern politics rebel sympathy is found, as it ought to be, in consideration of the fact that peace democrats are the only friends of secession. It also is a warning to all calling themselves democrats while professing to be loyal, that if their votes are given to any, except the Union party, they will thus give the strongest aid and comfort to the enemy:

The Connecticut election has gone against the democrats. Gold has fallen on the strength of the republican success, obtained no doubt by bribery, and the hopes which rested on the triumph of Seymour have fallen to the ground.

The importance of this defeat of the democracy cannot well be exaggerated: for if the result had been otherwise the Northwest would have risen, the peace party would have been organized on a permanent basis; the next meeting of Congress would have been followed by a summary abrogation of the imperial powers bestowed upon Lincoln by the abolition Congress just ended, and a cessation of hostilities might have been confidently looked for, at or before the close of the present year. No wonder Lincoln threw the whole weight of his immense patronage in favor of Buckingham. We may be sure that greenbacks were scattered broadcast throughout the State; that the enormous engiuery of corruption in the hands of the Dictator and his minions were brought to bear with irresistible force against the "copperheads." Lincoln has succeeded, Connecticut is lost, and with it goes the hope of an early peace, based upon party action at the North, and which so many entertained.

So be it. Whatever is is best in the long run. The Yankees may now run the full length of their tether, and that is all that is necessary to insure a fearful retribution for the manifold wrongs inflicted on the South. Had the peace party, of which Seymour and Vallandigham are the chiefs, succeeded at this time, many fearful wars would have been arrested, and the hand of the avenger of blood would have been stayed.

But justice would have been defrauded; they who drew the sword would never have felt its edge in all its keenness, and the nation, which in its pride and hate helped outrages so countless and crimes so heinous upon the heads of its innocent brethren would have returned to the blessings of peace without a conception of the horrors of war in its own land, and by its every fireside. The election of Buckingham destroys all chance of a speedy peace—all prospects of a party which might overturn the abolition tyranny through the mild and lawful instrumentalities of the ballot boxes. The usurper is now firmly seated on his throne, and he will hold it with an iron hand. His armies and navies may be defeated; but that will but make his grasp upon his subjects more tenacious. He has the power to create new armies and to build new navies as fast as they are destroyed, and who doubts that he will exercise that power? By their own act the people of the North have made Abraham Lincoln their despot, and they must abide the consequences. With the Connecticut election passed the best opportunity they will ever have of deposing the tyrant and of restraining his power by peaceful means. Nothing is left but the sad resource of fire and bloody revolution. There is literally no escape from the most sanguinary civil war that ever disgraced the annals of human history, except a universal acquiescence in absolutism.

This would be by far the best solution of the troubles in which the North is already involved, and those still greater which are rapidly approaching. But the people will not accept such a solution. They know too much about liberty, and have enjoyed too much license to acquiesce at once, and finally in the total surrender of their freedom. Besides, anarchy is ever the fundamental condition precedent to the establishment of despotism. The revolution at the North cannot be averted. It is doomed, in the inevitable order of things. It may be delayed; but it will as surely come as suffering follows crime.

The North being now and for some time to come a consolidated despotism, we of the South should prepare to resist that most dangerous form in which the energies of a hostile people can be combined for the purposes of war. Our danger is no greater than it was before; but the duration of that danger is more certain. Full ranks, the old courage, fresh determination, unrelaxed energy, a firm purpose to make all future victories decisive—this is all we need to win the day. Be that day long or short, we will win it. All things are working together for our good. If we have most to fear from an established despotism, we have most to hope from a temporary one; for that was all that was needed to insure that ultimate upheaval at the North by which alone our wrongs would be fully requited. Let us bide our time.

## Adventures in Rebeldom.

In May, 1861, Arnold Harris visited Buffalo. It was the day of the departure of the Twenty-eighth Regiment for the seat of war, and recognizing a number of his friends in the ranks he enlisted, and marched by their side. Soon after his arrival at the Army of the Potomac he was transferred to the naval service, and placed in command of the *Island Belle*, of the Potomac flotilla. A few months later he lost his vessel, and applied for another command.

The Department proposed to send him to Richmond, to frustrate, if possible, the projects of Geo. N. Sanders, who had just then secured contracts from the rebel Government for a navy to be built in England. He accepted the perilous mission, and soon made his way to the Confederate Capital. Without any disguise of name or person, he succeeded in acquiring the confidence of the rebel authorities, and established himself on intimate terms with several of the most important officials.

His situation, however, was dangerous in the extreme, and he was arrested and confined in Castle Thunder for seventeen days. He was recognized by two Marylanders as the former commander of the *Island Belle*. Upon his trial he acknowledged his identification, claiming to have done the Confederacy more service while holding a command in the Federal navy than he could have done by openly joining its cause at an earlier day. His audacity triumphed, and he not only obtained an acquittal, but continued to enjoy the confidence of the rebel authorities; or, rather, of all but Benjamin, who was suspicious of him throughout.

Soon after his discharge from Castle Thunder he became a participant of the enterprises of Sanders, who had recently returned from Europe. As soon as Sanders had perfected his arrangements with Jeff. & Co., he was to return to England with money and documents necessary to the carrying out of his schemes. His son, Reid Sanders, and Harris were to accompany him. The aim of the latter was to secure Sanders' mail. He succeeded in having it arranged that George with his friends should proceed by way of Matamoras to Halifax, while Reid Sanders and he, with the documents and dispatches to be taken, were to run the blockade at Charleston, and get to Halifax by way of Nassau. In accordance with this plan, Sanders junior and Harris proceeded to Charleston and purchased a yacht, which they loaded with turpentine, and started guilt out in January last to slip through the blockading fleet and make for Nassau. Great interest was taken in the enterprise, and before leaving the voyagers were entertained at a dinner party with Beauregard and the leading celebrities of the city.

Meantime, Harris had succeeded in communicating with one of the vessels of the outside fleet, and putting its commander upon the watch. The yacht, as she ran out of the harbor, was speedily detected, and subjected to a cannonade, which frightened Sanders out of his wits and made him eager to surrender. The mail bag, heavily freighted with iron, was thrown overboard; but Harris had previously abstracted from it a portmanteau containing the important dispatches and documents, substituting in its stead his own, which happened, as a remarkable coincidence, of course, to be its exact counterpart.

### LEGAL.

## U. S. INCOME TAX.

THE LAW CONTEMPLATES THAT EVERY ONE shall pay on all nett profits (less $600) derived from any source whatever. A person is allowed to deduct all legally assessed National, State and County Taxes, Hired help, Rents, Drayage, &c., necessary to carry on his business; but no farmer, merchant, mechanic, or any person, has a right to deduct his own labor as so much expense from his income.

The Income Tax is to be paid on the income of the year commencing January 1st, 1862, so that on the evening of December 31st, 1862, everybody should make up a record of their income gains or profits for that year. And as many sources of income, such as Dividends and Railroad Bonds and Stocks, Insurance Stock, Savings Banks, interest, &c., (they having already paid the income tax,) are not again taxed; it therefore becomes necessary to have a clear record of the sources of income, that there may be no dispute with the Assessor.

All corporations must deduct the three per centum before declaring their dividends.

### For Example:

A man in business must make up the nett profits of his business for the year, and pay the tax on the amount less $600.

A man may, outside of his business, spend all and even more than his profits in the business; nevertheless he must pay tax on all nett business profits except the $600. And so with a salary, all over $600 must be taxed, though personal or family expenses consume it all.

The Income Tax for the year 1862 is assessable on the first day of May, 1863, and is due and payable on or before the 30th June, 1863. And any sums due and unpaid for thirty days after the 30th June, as aforesaid, and for ten days after demand by the Collector, five per centum will be added to the amount unpaid.

Each individual of any firm or partnership must make up his income separately.

DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of UTICA, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it and I believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

### Croup, Whooping Cough, Influenza.

SPRINGFIELD, Miss., Feb. 7, 1856.

BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of *Whooping Cough, Croup*, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

### Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856.

SIR: Your CHERRY PECTORAL is performing marvelous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., ALBION, MONROE CO., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

### Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours, with gratitude and regard,
ORLANDO SHELBY, of SHELBYVILLE.

*Consumptives*, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

## Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost, to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.
